REV. WILMER J. VER MEER, PASTOR

April 18, 1974

Dear Mr England,

Many years have gone by since I first became a student in your classes and wondered what I was doing then. But, thanks to your patience, trust and faith I was able to do much more than I ever thought.

You were an inspiration to me and in the 4 years of college you were by far the best "Prof."

I'm sure you recall "Elizabeth The Queen", the fun and the frustration, but you got it off the ground as you always did.

May you and I wish you the best of God's blessings in the future.

Sincerely,

Wilmer
